N.B.: The present compilation contains information of mainly scholars who were not included in Aethiopia 3 and 5 (=Aet3 / Aet5) and some who since then changed their addresses and/or projects. In the case of the latter, only the change is indicated; for the rest a cross reference is made with “cf Aet3” in brackets at the end of the entry.

The entries are arranged in alphabetical order. Those of Ethiopian or Eritrean origin are placed under their first names in accordance with their own culture. Each unit within an entry is marked off by a semi-colon. In addition, each unit (except for the first one in each entry) is preceded by keywords represented by an acronym followed by a colon.
