Notes: (1) The aggregate balance of the General Revenue Account and the Funds as at the end of the financial year. Funds include the Capital Works Reserve Fund, the Capital Investment Fund, the Loan Fund, the Disaster Relief Fund, the Civil Service Pension Reserve Fund, the Land Fund, the Innovation and Technology Fund and the Lotteries Fund (which was included with effect from 1 April 2003).

The CPI(A), CPI(B) and CPI(C) respectively cover some 50%, 30% and 10% of households in Hong Kong. The average monthly household expenditure (in HK$) of these groups during the base period (i.e. Oct. 2004–Sep. 2005) were $4,000–$15,499, $15,500–$27,499 and $27,500–$59,999 respectively. Taking into account the impact of price changes since the base period, the monthly household expenditure ranges of the CPI(A), CPI(B) and CPI(C) adjusted to the price level of 2008 are broadly equivalent to $4,300–$16,800, $16,800–$30,200 and $30,200–$66,100 respectively, and that of the Composite CPI is broadly equivalent to $4,100–$63,200. The Composite CPI is compiled based on the expenditure patterns of all these households taken together.
