Submission checklist

As part of the submission process, corresponding authors are asked to confirm or accept the following conditions on behalf of all authors of the article.

- The submitted manuscript is previously unpublished and has not been submitted to any other journal (otherwise a statement is attached in „Comments to the Editor“).
- The author has written the submitted work himself / herself and is its author in the legal sense (in the case of several authors: jointly co-author).
- The journal will be granted the unrestricted right of first publication.
- The manuscript file is saved as Microsoft Word dokument (*.docx or *.doc).
- Text, tables, and figures follow the stylistic and bibliographic guidelines found in the [formatting guidelines](#).
- Citations in the text are linked (cross-linked) to references within the document. Digital object identifiers (DOI) have been added to the references where available and linked (hyperlinks).
- All figures must additionally be provided as separate files in vector format (e.g. *.pdf / *.eps) or as high-resolution pixel images (e.g. *.png) in case of a successful review process.
- In accordance with the journal's ethical guidelines, the paper contains the following statements: (1) data availability, (2) funding information, and (3) conflicts of interest.
- The journal's [author guidelines](#) not named here are also met.
- After successful peer review all published articles in this journal are released under the [Creative Commons Attribution 4.0 International license](#) and the articles' metadata will be distributed under the [CC0 1.0 universal license](#).
